# STRIKES TIUATION "IS STILL CRITICAL" REPORT OF CAPITOL

Washington, D. C., Oct. 27.—The situation "is still critical," as regards the coal strike, it was stated in White House circles today. The White House has received numerous telegrams and letters endorsing the president's statement on the coal situation and there is wide support for his action.

The administration does not intend to crush the miners or their demands, it was stated at the White House and the president' statement was not intended to indicate any disposition on the part of the government in opposition to the miners demands. It was declared that the statement was merely to indicate that the government does not approve of the methods to enforce their demands.

There has been no direct communication between the White House and the miners. It is understood that Secretary of Labor Wilson has been in communication with John L. Lewis, acting president of the United Mine Workers of America.

Secretary Wilson stated today that he had no response from DEFEAT AIN OF Lewis concerning the president's statement and that the situation was unchanged.

Washington, Oct. 27.-The answer of the United Mine Workers to President Wilson's demand that the coal HOUSING COMMITTEE strike for Nov. 1 be called off is being awaited by the nation.

Columbus, O., Oct. 27.-Mayor

Schrantz, president of the Canton city Both sides prepared for a bitter council, will be acting mayor.

> Canton, O., Oct. 27 .- Disorders occurred at the plant of the United Alloy Steel company yesterday and an unidentified foreigner was slightly wounded by a guard.

Strikers held a mass meeting yesterday and voted to offer the services of 500 men to assist Sheriff Milo! Cathon and Mayor Charles R. Poorman in keeping order. In view of the fact that the strikers are under temporary injunction issued by Judge Harvey F. Ake, it is doubtful if the offer would be accepted.

Both Sheriff Cathon and Mayor Poorman issued statements yesterday in which they declared their inability to cope with the strike situation, both alleging that they have been unable to secure extra policemen and deputies.

John M. Bingham, assistant adjutant general, and George F. Miles, chief mediator of the state industrial board, are watching the situation here. Col. Bingham is representing Gov. Cox and it was upon his advice that Gov. Cox decided to interfere with the strike

Miles says that he is unable to do more than advise the strike leaders to do all they can to prevent disorder by the strikers, as the strike was ordered

ment, in which they say the strikers sued by Judge Ake, in which the American Federation of Labor, local strike leaders and about 100 prominent strikers were enjoined against interfering with workers in the mills. Colonel Bingham expresses the opinion that a test of the situation may come before the day is over.

# CF Ridenour

It is with much regret that we today chronicle the withdrawal of C. Frank Ridenour from the newspaper life of Greene County.

For more than seventeen years Mr. Ridenour has been connected with the editorial department of the Gazett e and Republican, and those of us who have worked many of these years side by side with him felt a deep pang of sorrow this morning when we realized that he no longer was a member of the "staff"—a feeling that is quieted only by the knowledge that the change means advancement for him.

Some weeks ago, Mr. Ridenour, together with the writer, purchased the Daily Press and the Daily Leader-Dispatch, in Piqua, and Mr. Ridenour leaves today to make preparations for taking over these papers next week and consolidating them in to the "Piqua Daily Press-Dispatch." He will re-

# GITED FOR BRAVERY FOR THIRD TIME IS CAPTAIN'S RECORD

For gallant conduct on the field of battle Captain Theodore Kenyon, son of William Houston Kenyon of New York, was recently notified that he had been made a chevalier of the Legion of Honor by the French govern-

This was thethird honor that came to the young American for bravery under fire. Before he left France last summer, he was awarded the Croix de Guerre by the French and the distinguished service cross by his own government. The decorations came as the result of gallantry in the Argonne on September 26, 1918, when although wounded three times he refused to retire and led his command to a safe place. He was cited for this service, and the greater honors followed. His wounds kept the young officer confined to the hospital for six weeks.

Captain Kenyon received his discharge from the service after returning to the states several months ago. His marriage took place soon after

his return. He has been further honored by his selection as one of the 20 officers of the Seventy-seventh Division who represented the division at the reception to the King of Belgium in New York last Saturday night. Xenia people who know Captain Kenyon through his occasional visits to the home of Mrs. Kenyon's mother, Mrs. Mary A. Kinney in this city are very much interested in the honor conferred upon the young man.

It also is remembered that in 1916, Willis was a candidate for and blood purifiers have been used to overcome this deficiency, but this method of taking Systoxem after meals cannot help but appeal to the physician who has watched its upbuilding influence.
